

## MUSCLE SHOALS TO BE INSPECTED BY SENATE COMMITTEE

None of Members Have Ever Visited Except McKellar—Expect to Reach Vicksburg Friday Morning—Spend Several Days in New Orleans—Two Meetings Yesterday

(By The Associated Press)  
PEORIA, Ill., Oct. 19.—The special committee of the United States senate holding hearings on the McCormick bill that would provide a deep waterway from Chicago to the Gulf of Mexico, will visit Muscle Shoals after arriving at Memphis and abandon their river trip on the Steamer "Mississippi" at this point continuing on to Vicksburg and New Orleans by rail, according to an announcement made by the committee here tonight. The visit to Muscle Shoals, however, has no connection with the deep waterway project, according to Senator McKellar of Tennessee.

"I am the only one on this committee who has seen the work at Muscle Shoals," said Senator McKellar, "and at the suggestion of General Beach, chief engineer of the army who had joined us on this trip, we thought it well to acquaint the other senators with the work. It has no connection with the deep waterways project but will not interfere with the carrying out of the complete program."

The committee will arrive in Memphis on Wednesday, leave for Muscle Shoals early Thursday morning, returning in time to take a train to Vicksburg

where the senators will arrive Friday morning, holding the hearings that were originally contemplated.

From Vicksburg the committee will go to New Orleans by rail for their three day hearings. The committee heard testimony at LaSalle this morning of the Chamber of Commerce here and will leave on the Steamer Mississippi at 5:30 a. m. tomorrow for New Orleans.

At the session here this afternoon representatives of the farming interests told the committee that the only suggestions they had to offer were that the water be made deep enough to do away with the flood danger made possible by the turning into the river at Lockport enormous amounts of water during rainy seasons.

## GOVERNORS WILL GIVE PRESIDENT THEIR SUPPORT

Vote for Full Enforcement of Volstead Act

(By The Associated Press)  
WEST BADEN, Ind., Oct. 19.—Scrapping a conference tradition of fifteen years standing, a majority of America's 52 state and territorial governors took their first record vote of history today in unanimously passing a resolution endorsing National Prohibition and pledging President Coolidge, "our fullest cooperation" in the enforcement of the Volstead act.

The action came as the climax of a three hour session of fiery debate, parliamentary tangles, and perplexing maneuvering in which three governors fought throat to throat to block the vote.

Tonight the executives were enroute to Washington to lay their statement before President Coolidge at a luncheon conference Saturday. Today America passed over the hill on the prohibition question, Governor William Sweet of Colorado, who introduced the resolution said tonight. The Governor's resolution declared law observance to be "the fundamental basis of American citizenship and enforcement the primary duty of every official."

"National prohibition is now, by constitutional amendment the law of our land," it said, "and an overwhelming majority of the citizens of the United States are lawabiding and desirous of the enforcement of law."

Governor Should Exercise Power  
Setting forth that only the federal authorities have control of liquor importation, the governors declared that "the national government should exercise its dealing with rum fleets and border smuggling."

On a viva voce vote in which no opposing voice reached the chairman or official reporters the resolution was formally reported as unanimously adopted.

The adoption of the resolution was followed by the formal resignation of Governor John M. Parker of Louisiana from the conference. The Louisiana chief declared at the opening of debate that a vote on the resolution would call for his immediate resignation and as the din of years greeted the question he walked from the room. He was a member of the Washington party however, when the train began its journey. He would attend the president's conference Saturday, he declared.

## INJUNCTION ISSUED TO PRESERVE BALLOTS

(By The Associated Press)  
AMARILLO, Texas, Oct. 19.—Election officials of Texas are enjoined from destroying or interfering with ballots of the general election of last November in a restraining order granted here today by Federal Judge James C. Wilson. The election was marked last fall by the senatorial contest between Earle B. Mayfield and George E. B. Peddy, which was taken to the courts at that time.

The order was granted on petition filed by Luther Nickels attorney of Dallas, Texas, in behalf of Peddy which also asked the court to appoint receivers in all counties of the state to take possession of the ballot boxes and all election records.

A hearing on this clause of the petition was ordered for 10 a. m. October 30 at Amarillo.

Peddy was unsuccessful in the election for United States senator from Texas and a contest against the action of Mayfield was filed later in the senate by representatives of Mr. Peddy.

## SUPREME COUNCIL FILLS VACANCIES

(By The Associated Press)  
WASHINGTON, Oct. 19.—Six vacancies on the supreme council thirty-third degree Ancient and Accepted Scottish Rite, Southern Jurisdiction were filled at today's session of the council by the selection of the following:

Frank Craig, Oklahoma; Stanley C. Warner, Colorado; Edwin T. Meredith, Iowa; Francis S. King, Wyoming; William S. McCrea, Washington and William Booth Price, Maryland.

Announcement was made that for the ensuing biennial John H. Cowles, Kentucky, would continue to serve as sovereign grand commander.

## ON WATCH FOR BANDITS

Crescent City, Cal., Oct. 19.—Roads in Del Norte and Humboldt counties are being closely guarded and the bandits who held up and dynamited a Southern Pacific passenger train killing four men near the Oregon line, Oct. 10, are being watched.

Booth Price, Maryland, advised by possemen, according to Daniel Jackson, special agent for the Southern Pacific company.

## JOHN R. QUINN ELECTED NATIONAL COMMANDER AMERICAN LEGION

(By The Associated Press)  
SAN FRANCISCO, Cal., Oct. 19.—A tired hand yielded the executive management of the American Legion to a newly elected national commander, when Alvin Owsley, retiring commander, turned over to John R. Quinn, of California the responsibility of guiding the destinies of the legion for 1923-24, at the close of the fifth annual convention of the organization here tonight.

Owsley, weary from his year's strife, his 65,000 miles of traveling during his administration on behalf of the legion, and showing a loss of twenty-five pounds, smiled a wan smile as he took Commander Quinn's hand and said: "I turn you over to the mercies of the newspapermen, the photographers and the public."

A far different type of man took up Owsley's burdens. Quinn, cowboy and typical westerner of the open plains, immediately announced he would dedicate his administration to conducting a vigorous campaign to obtain immediate passage of the ex-service men's adjusted compensation act and a close and human contact between the disabled veterans and the government agencies in charge of rehabilitation and hospitalization.

Quinn was elected on the eleventh ballot. His total vote was 502, compared with 342 for James A. Drain of Washington, D. C., 80 for Clarence R. Edwards of Boston, and 54 for Wilder S. Metcalf of Kansas, with 15 absent or not voting.

The following national vice-commanders were elected:

Ryan Duffy, Fon Du Lac, Wis.; Thurman Mann, High Point, N. C.; William B. Healey, Wilkes Barre, Pa.; C. M. Stoddard, Ariz.

## SEVERAL CANDIDATES MAY ENTER AGAINST PRESIDENT COOLIDGE

Pinchot, Lowden and Johnson Among Those Mentioned

(By The Associated Press)  
WASHINGTON, Oct. 19.—President Coolidge will have opposition in the Republican national convention next year, Senator Moses of New Hampshire, chairman of the Republican senate campaign committee said today on his return from a swing around twelve states, west and east. The senator who conferred with the president during the day on the political situation added, however, that everywhere he had been he had found a favorable spirit toward Mr. Coolidge, with scarcely any leading Republicans who did not take his nomination for granted.

Governor Pinchot of Pennsylvania; former Governor Lowden of Illinois and Senator Johnson of California, were among those mentioned by Senator Moses in connection with the presidential nomination contest. He would not venture a prediction as to whether Mr. Coolidge would be nominated, saying it was too early for that.

Senator Moses declared that there are today more men "affirmatively for Henry Ford for president than for any other one man."

"They are not all of one party," he said, "nor are they organized. If Ford accepts the nomination of the Farmer-Labor party as he seems inclined now to do, the situation will be somewhat unhappy for the Republicans as I would think that every electoral vote Ford will get will be at the expense of the Republican party."

## CONSIDERS PLAN IS MERELY TEMPORARY

(By The Associated Press)

WASHINGTON, Oct. 19.—President Coolidge regards as only temporary the plan worked out by the shipping board for operation of ships of the United States lines, including the Leviathan, thru a directorate of three members of the board. The plan as announced early in the week is not looked upon by Mr. Coolidge as an arrangement may be used in the operation of all of the government's merchant ships.

The permanent plan for operation of the merchant marine will be worked out after the return to Washington of Chairman Farley of the shipping board who will sail from New York tomorrow to spend several weeks in Europe studying the board's foreign service.

## DAMAGE SUIT FILED IN STOKES CASE

CHICAGO, Oct. 19.—A suit for \$50,000 damages against W. E. D. Stokes of New York who is suing his wife for a divorce in that city was filed today by one Daniel Jackson. Only a praecipe in the suit was filed and the identity and allegations in the case have not been ascertained.

## COLONEL DUMONT IS ANSWERED BY D. LLOYD GEORGE

Thinks Speech Made by French Attache Meant for Him

(By The Associated Press)  
ST. LOUIS, Mo., Oct. 19.—Because of the record of the British Empire in the world war when it went to the help of France against Germany, "we have a right to give advice," David Lloyd George declared in an address here on the German reparation situation.

Speaking at a luncheon given under the auspices of the chamber of commerce he said that "we have a right to give advice—we have a right to say that we have friends, but we're a right to claim that the sacrifice which we made was not made to perpetuate strife and anger and robbery."

The statement was made in referring to a report of a speech on the subject of reparations made in this city yesterday by Colonel G. A. L. Dumont, military attache of the French embassy at Washington, in which, according to newspaper reports he said:

"Pray may the Lord protect us against our friends."

Declaring that "the speech was obviously addressed to me," Mr. Lloyd George expressed regret that the phrase had been used, adding:

"I never heard that prayer between 1914 and 1918. There are 900,000 dead throats the British Empire as the proof of our friendship."

Pointing to his friendship for France as evidenced in his public political position and the record of Great Britain in the war and declaring that he was not an apologist for the German government, he declared that Germany should be made to pay reparations "up to the limit of the capacity of the country to pay, reasonably interpreted."

"But by reasonable interpretation," the former premier said, "he did not" mean the making of Germany a nation of bondsmen.

Declaring that Europe was on the brink of tumult with Central Europe "day by day slipping into anarchy, confusion, disruption" and that once there is chaos in a great country like Germany it cannot be known what menace may emerge, he asserted that it was to the interest of the American people and their government to do "their best to insure the carrying out of the divine message heralded 100 years ago of 'peace on earth and good will amongst men.'"

The distinguished visitor arrived here this morning from Springfield, Ill., and upon leaving his train was taken on a drive thru the city. At noon he attended a luncheon and then rested in his hotel suite until evening when he had a number of business men and municipal officers as his guests at a private dinner. He departed tonight for Louisville, Ky., for the week end.

## WILL CONFER WITH SENATOR ON TAXES

(By The Associated Press)  
WASHINGTON, Oct. 19.—Congress in the opinion of President Coolidge should undertake revision of taxes at its forthcoming session provided conditions warrant a scaling down of the present levies. The chief executive has been giving some consideration to the tax question and tomorrow will confer with Senator Smoot of Utah who is in line for chairmanship of the senate finance committee. Senator Smoot believes that half a billion dollars could be looped off federal taxes but advocates leaving the tax question alone on the ground that tinkering with it in the next congress would be dangerous and also because the present law should be given a further test to determine the most advisable changes.

Mr. Coolidge prior to the convening of congress will confer on tax matters with Secretary Mellon and with Republican leaders on the senate finance and house ways and means committees.

GOES TO SUPREME COURT  
Washington, Oct. 19.—Attorney General Daugherty filed in the supreme court today a brief in the case against the New York coffee and sugar exchange, the New York coffee and sugar clearing association and others, decided against the government in the federal district court in New York City and set for argument in the supreme court on Nov. 12.

## WILL RETURN TO WORK

New Orleans, La., Oct. 19.—Striking screw men and longshoremen tentatively agreed today to return to work Monday on shipping board vessels after authorizing their officials to negotiate two points with the board's representative who offered a proposed embodying the wages demanded by the men but amending several of the working rules.

## APPEAL FOR SETTLEMENT OF CUBAN PROBLEMS

Havana, Oct. 19.—(By The Associated Press)—An appeal for the settlement of the problems of Cuba, on the ground that the agitation over them is having a serious effect on business and may culminate in an economic crisis was published today by the economic corporation an organization composed of various commercial bodies, including the Cuban chamber of commerce the stock exchange, the producers exchange and other organizations.

## ATTORNEY GENERAL REQUESTED TO FILE CRIMINAL CHARGES

Oklahoma State Legislature Asks Suit to be Brought Against all Public Officials and Private Individuals who Tried to Prevent Special Election Called for October 2nd

(By The Associated Press)  
OKLAHOMA CITY, Okla., Oct. 19.—Attorney General George Short was instructed today by the lower house of the state legislature to institute criminal proceedings against all public officials and private individuals who attempted to prevent the special election October 2.

The house acted by adopting by a vote of 88 to 2 a resolution to prosecute all those accused of violating state laws which provide penalties for interfering with an election.

Despite Governor J. C. Walton's action in postponing the election and his threat to prevent the balloting by force of arms, if necessary, the people reacted to the polls in virtually every part of the state and voted overwhelmingly for a constitutional amendment empowering the legislature to convene at its own call to investigate the conduct of state officers. Five other constitutional amendments were submitted.

The executive had decreed the election illegal on grounds that proper publication had not been made of the issues. In a few instances the voting was barred by local authorities acting under the governor's orders. Several

## FORMER BREWER WOULD ENFORCE LAW TO THE LETTER

August Busch Says Law and Order Should Be Restored

(By The Associated Press)  
ST. LOUIS, Mo., Oct. 19.—A plea of justice to an industry that has been made the football of practical politics has been made today by August Busch, former brewer, at a luncheon here tonight by officials of Anheuser-Busch, Inc. The plea it was explained was in a letter to the president of the United States on prohibition enforcement and its effects. The letter was timed to coincide with the meeting of governors in Washington tomorrow to consider prohibition enforcement it was stated.

The letter did not make any specific proposals but mentioned a readiness of the writer to cooperate in perfecting a system "that will reduce intemperance to an irreducible minimum and at the same time restore respect for law and order and purge the government of the corruption that now threatens to undermine the republic."

Mr. Busch alleged that the attempt to enforce the prohibition laws, has corrupted the federal service, uprooted respect for law and caused illicit manufacture and bootlegging of beverages of harmful quality and quoted the late President Harding's declaration that conditions relating to enforcement savor of nationwide scandal, and that the enforcement situation is the most "demoralizing factor in our public life."

## PRESIDENT TO MAKE ADDRESS OF WELCOME

(By The Associated Press)  
WASHINGTON, Oct. 19.—President Coolidge in convening at the white house tomorrow a conference of governors to consider enforcement of the immigration, narcotic and prohibition laws will confine his address to a few words of welcome and an explanation of his purpose of the meeting.

"This statement was made at the white house on the eve of the conference and was generally interpreted as setting at rest reports that Mr. Coolidge would open the meeting with a definite declaration of his stand on prohibition enforcement and the prohibition question in general. The president will declare for enforcement of the prohibitory laws as well as for those states relating to immigration and traffic in liquors with respect to the demands of prohibitionists, as reported in the recent citizenship conference here.

## HEALTH OF OBREGON ARE GREATEST NEED

(By The Associated Press)  
MEXICO CITY, Oct. 19.—Virtually restored to health, President Obregon is expected to return to Mexico City in a few days from Lake Chapala, where he went last week to recuperate from the throat trouble from which he suffered for more than a fortnight. On his return an announcement on the government's attitude toward important pending questions is anticipated.

## BAVARIANS NOT TO CONFER WITH DOCTOR GESSLER

Tranquil Aspect Given Jolt by Dictator Von Kahr

(By The Associated Press)  
BERLIN, Oct. 19.—Diplomatic relations between the Berlin, Munich and Dresden governments which local official quarters represented today as having assumed "a more tranquil aspect during the past twenty-four hours," late tonight were given an unexpected jolt by Dr. Von Kahr, the Bavarian dictator.

Dr. Von Kahr informed the central government that Bavaria hereafter must decline to enter into formal or official relations with Dr. Otto Gessler the federal minister of defense who is military dictator for all Germany under the provisions of President Ebert's recent proclamation.

This latest Bavarian attack on the Central government's prestige and authority is the direct result of Dr. Gessler's recall of General Von Lossow, commander of the reichswehr in Bavaria, who was removed from office on the ground that he had deliberately sabotaged Dr. Gessler's order to suppress the Volkischer Beobachter, personal organ of Adolf Hitler, the National Socialist leader after Dr. Von Kahr had declined to carry out the Berlin government's request to prevent the appearance of the Bavarian fascist organ.

President Ebert is the sole judge for the adjudication of controversial issues. He is obliged to consult Chancellor Stresemann or the members of his cabinet, altho the chancellor is being constantly drawn into the conversations which are proceeding between President Ebert, Dr. Gessler and General Von Seeckt chief of staff.

The president is reported to be firm in his determination not to raise the state of emergency while the situation is in its present stage and has so informed the Socialist leaders who yesterday apprised him on their party's wishes. Reports that Dr. Gessler had ordered a score or more battalions to Saxony have been dismissed as grossly exaggerating the gravity of the situation altho the minister of defense who is now military dictator, has ordered additional contingents to Saxony industrial sectors which are being terrorized by communistic mobs.

## SNOW IN MINNESOTA

St. Paul, Minn., Oct. 19.—A light snowfall in some parts of Minnesota and rapidly falling temperatures in various parts of the Northwest tonight brought the first real touch of winter to this section.

## FILIPINO GIRLS REFUSE TO BOW TO NATIVE LAW

Leaders Rebel Against Education in Christian Schools

(By The Associated Press)  
MANILA, Oct. 19.—The recent Moro outbreaks on the Island of Mindanao, in which a number of members of the Philippine constabulary have been slain owe their origin to the feminist movement, or the refusal of educated native girls to become inmates of the Moro harems.

According to advices from Mindanao the Moro leaders have rebelled against the education of girls in Christian schools, a number of which are in operation on the islands. Their complaint is that the girls when educated proceed to upset all of the ancient customs of the Moros, that of the harem being the most cherished. The Arab priests who are said to be augmenting the unrest among the natives also see in the educated girls the end of their influence in Moroland.

Governor General Wood in an interview with the Associated Press, said he did not see any immediate necessity of despatching United States troops to Mindanao.

## BUSINESS PRINCIPLES VIRTUALLY RESTORED

(By The Associated Press)  
CENTRALIA, Ill., Oct. 19.—Business principles were declared to be the greatest need of competitive associations at a marketing conference of farmers of the 21st and 22nd districts here today. The conference was the ninth of a series called by the Illinois Agricultural association. James S. Stone, president of the Burley Tobacco Growers' co-operative association of Kentucky suggested that experts be employed as managers of competitive associations and that directors be chosen for their ability. He advocated "elimination of politics from the association."

Walter Petet, director of marketing of the American Farm Bureau Federation asserted "poisoning" was a fundamental principle of competitive marketing.

## SEVENTY HOURS A DAY

Thomas A. Edison agrees with Charles P. Steinmetz, his fellow-wizard, that electricity will reduce the necessary working day to four hours, leaving 36 hours for sleep, meals, recreation and self-improvement. But he is not at all sure that it will be a good thing.

"It all depends," he says, "on what people will do with their spare hours. How will they use them? Will not the young men and women be harmed by the manner in which they dispose of their added leisure, rather than benefited? It will be a splendid thing for the old people, of

course, for they know best how to employ their leisure hours." Is it altogether true that old people, as a rule, use their time more usefully than young people. The latter, even when they seem to be abusing their opportunities, are usually doing something and learning something—getting experience which they may apply usefully later on. Old people, who are assumed to know how to live, often seem to the young and middle-aged to waste much valuable leisure, merely doing the same things over and over automatically, saying the same things and thinking the same things. Life consists in change and growth.

However that may be, Edison's main point is doubtless well taken. Mankind, with rare exceptions, is not ready for any great increase of leisure. As yet, "we've got to work to keep going." The twenty-hour daily respite from necessary toil "will come when man is fitted for it."

## THE DEMOCRATIC POWERS

One of the most useful things done by Lloyd George on his American visit has been to point out how the great victory of democracy, won in 1918, is menaced today.

A "wave of autocracy" he declares, is sweeping the world. He points to the betrayal of democracy in Russia by a hypocritical dictatorship, to the dictatorships of greater or less degrees already existing in Italy, Spain, Bulgaria and Germany and the apparent itching for a similar autocratic rule in many other lands.

It is strange, indeed, that democracy should be so imperiled only five years after its greatest victory in history.

There is no question, to American minds at least, of the importance of preserving democratic institutions, for ourselves and the rest of the world. The British statesman puts the matter clearly:

"Why is democracy more safer? It is slower to begin, it does not bring its forces into action in the way perhaps an autocracy does, but in a struggle it is the heart that tells, and democracy sustains the heart, and what happens is that democratic institutions alone can produce and train men that are able to appeal to nations to rise to those heights of sacrifice which are the last citadels of freedom in all lands."

## VOCATIONAL AGRICULTURE TEACHERS MEET HERE

The second annual conference of the vocational agriculture instructors of central Illinois high schools is being held in this city. Prof. J. C. Hackelman and Prof. H. C. Case of the College of Agriculture are also attending the conference. The high school agriculture teachers in attendance are: J. H. Loomis of the local high school, Messrs. White of Pittsfield, Malsberry of Vavert and Gard of Tallula. R. M. Brown of the state department of vocational education is also here from Springfield for the conference. The meeting is held for the purpose of discussing various problems which the teacher of agriculture encounters, and for the exchange of ideas for improvement in instruction methods.

## THE EMPORIUM

## A CORRECTION

A mistake was made in the account published in yesterday's Journal regarding the action of the Illinois college students in abolishing the class scrap in the business district. At the meeting where the action was taken, there was a discussion of the injuries to students, and the action was taken with the direct intention of guarding against such injuries in future. The students realize keenly that the Sophomore-Freshman fight a few weeks ago was extreme, and it is planned that nothing of the sort shall ever again occur. Whatever class contests that are hereafter staged, will be confined to the campus and will be toned down to a point where the participants will not be in danger of injury.

## TO NAME CITY PLAN EXPERT SOON

A special meeting of the City Plan Commission will be held next Thursday evening at which time the name of the expert who is to make the plan for Jacksonville will be announced. A sub-committee has been in conference with Myron Howard West, president of the American Park Builders' association, and in charge of the city plans of Springfield and Decatur. This committee will also confer with Harlan Bartholomew, who is the St. Louis city planner.

## BERTON BRALEY'S DAILY POEM

### As the Traveler Sees It

BY BERTON BRALEY

I'm used to spending eight bucks a day  
 For a little room with a shower bath,  
 Three bones for breakfast I often pay.  
 Without exhibiting any rabid wrath.  
 But I dissolve in a fiery vapor  
 When soaked three cents for a two-cent paper!

THE bolder grafts of a large hotel,  
 I know them all and I bear them meekly,  
 It's seldom I groan or yell,  
 And if I holler, I holler weakly;  
 But like an Indian brave I caper  
 When charged three cents for a two-cent paper!

BY big hotels I am often gaffed,  
 I'm used to it and I don't complain,  
 But the guy who started that newstand graft  
 Some day I'll murder, and when he's slain  
 I'll pay three cents for a funeral taper  
 Which I shall make of a two-cent paper!

## WHITE HALL TO HAVE SUPPLY OF WATER

Will Pipe Water From Roodhouse Reservoir—Other White Hall News.

White Hall, Oct. 19.—The White Hall city council held a called session this week and ratified the action of the water committee in the arrangement with the city of Roodhouse for using the supply of water from the city reservoir of the latter place. Roodhouse obtains its municipal supply from a spring six miles northwest of that city, and has no need of its reservoir supply except as an emergency measure. The Roodhouse reservoir is only about a mile north of the White Hall reservoir, and under a gentlemen's agreement between the officials of the two cities White Hall gets the Roodhouse supply free, in return for which favor the White Hall officials will riprap the Roodhouse reservoir dam at an expense of perhaps not more than \$150.00. To get the flow into the White Hall reservoir it is necessary to lay 2,500 feet of pipe over the land of Edward Vantuyne, which right of way was granted by Mr. Vantuyne free of charge. Thus is brought out a fine spirit of cooperation in meeting the water emergency that has been facing White Hall for some time, as evidenced by Mr. Vantuyne and the Roodhouse officials. Work of laying the pipe line will begin at once. The stage of the White Hall reservoir has risen three inches since the beginning of the present rainy season last Saturday, and H. R. Fry, water superintendent, noted that the water was running in much more rapidly Thursday afternoon from the creeks emptying into it—creeks that have shown no running water for more than a year.

Alderman L. U. Wynn, chairman of the water committee, has arranged for a supply of pipe that has already been received and ready for the work with the final approval by the city council. Plans for a new reservoir for White Hall hardly seem compatible with the record of precipitation of the past two years in a local way, but the project is receiving more earnest consideration because of provision for a filtering system. It hardly seems the part of wisdom to guard against record-breaking floods that preceded the drought. The new plans call for an expenditure of \$189,000.

## WITH THE SICK

Miss Ethel Rosa of 226 Pine street fell Thursday morning on the back steps at her home and injured her back. She is still confined to her bed.

Mrs. J. H. Dial of Grove street is sick with pneumonia.

Chris Howard of this city in an accident cut his thumb entirely off. Dr. Hardesty attended him and the thumb is growing back on nicely.

## IS GUEST IN CITY

## SUIT FOR DIVORCE FILED

Mrs. Kate M. Franks yesterday filed in the office of Circuit Clerk Wanamaker a suit for divorce from her husband, A. F. Franks. The charge of desertion is made in the bill, filed by W. N. Hairgrove, attorney for the complainant. It is indicated in the bill that Mr. Franks has a considerable income, and that he is about to share in the division of an estate. An injunction is asked to make certain that the defendant does not dispose of any property while the divorce proceedings are pending.

# SITUATION IN RUHR GROWING MORE COMPLEX

## Complications Between Employers and Unionists Cause

(By the Associated Press)

ESSEN, Germany, Oct. 19.—The situation in the Ruhr, especially so far as the workmen are concerned, took a turn for the worse today because complications have arisen between the employers and the trade unionists of the entire district growing out of the troubles of the industrialists in getting affairs back on a paying basis.

Beginning next week it was announced Berlin would discontinue sending funds into the Ruhr which for months have been the sole support of hundreds of workmen's families. The employers assert that strenuous measures must be taken to prevent the wholesale shutting down of industry which would result in many thousands being added to the unemployed, now larger than at any time since the occupation began. Industrialists and employers in Essen, Mulheim, Dortmund and other centers conferred with the municipal authorities and promised to aid the municipalities in every way possible to care for the unemployed. The industrialists took a most serious view of the situation fearing great distress among the workmen's families now that the cold weather is coming. The Krupps, it was said will be compelled to release most of their men. This alone would add 35,000 to the unemployed.

## WILL SURRENDER FATHER TO SHERIFF

Chicago, Oct. 19.—Narcotics are under way with Lila Lee, the actress for the surrender of her father Charles Appel, under indictment here for embezzlement. Sheriff William I. Fraeger, of Los Angeles, notified the local authorities tonight. Earlier in the day the sheriff had wired for information regarding the amount of bonds necessary for Appel's release and was notified that \$25,000 would be needed. The police here said they had information that Appel was on Catalina Island.

## NO TIME LIMIT SET

Washington, Oct. 19.—No time limit restrictions for the honoring of physicians' prescriptions for liquor have been set. It was stated at prohibition headquarters today although the question has been under discussion for several months. Reports that prohibition agents had been ordered to treat with suspicion any holder of a physician's certificate who does not have it filled promptly were denied at headquarters.

## MARY MAY MARRY

Portland, Oregon, Oct. 19.—Mary Garden confessed to the Portland Press Club last night that she may be married next year.

"The newspapermen have been asking me year after year if I am to be married," said the singer. "Next year is the thirteenth—my lucky number. The fortune tellers have predicted that I am to be married in 1924, and now every man I meet I wonder if he is to be the man."

She left for San Francisco after attending the Press Club party.

Misses Beulah Tull and Edith Rodgers will motor to Clinton, Ill., today to spend the week-end with Miss Tull's parents, Rev. and Mrs. T. H. Tull.

The "sure cure," cough drops at Merrigan's.

## NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and six per cent common kerosene (coal oil).

The inventor, J. L. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. # MAKES CONFESSION AT POINT OF DEATH

(By the Associated Press)

KENOSHA, Wis., Oct. 19.—While John Gustav Spranger, 72, lies at the point of death here, eager but to weak to relate to authorities the full details of a murder that occurred at Park Falls, 13 years ago, search is being made today by authorities for a man said to have been named in John Spranger's confession.

In trembling words, difficult for authorities to understand, Spranger told a story of how, 13 years ago, with another man he had become engaged in a quarrel with a bartender at Park Falls and said the bartender had been shot and killed by the other man. The body had been buried, according to District Attorney Frank Simmonds, on a farm near Park Falls.

District Attorney Simmonds said tonight that Spranger, who suffered a stroke of paralysis several days ago was a little improved today and expressed hope that he will soon be in a condition to give the authorities more details. The district attorney admitted however, that they were in possession of the name of the man whom John Spranger named in his confession and that a search is being made for him.

## FORMER CONGRESSMAN SENT TO WORKHOUSE

TOLEDO, Ohio, Oct. 19.—Benjamin F. Welty, former congressman and attorney of Lima, Ohio, was sentenced in the Dayton workhouse and fined \$500. Welty was convicted of accepting an exorbitant fee for his services in obtaining government compensation for Franklin Strayer, an ex-serviceman of Lima. A motion for new trial was overruled and defending counsel allowed their petition for a writ of error. Appeal will be made to a higher court it was announced.

vicinity of Beardstown, Ill., testified that they had been financially ruined by the flooding of the river and that they were convinced that the turning into the river of ten thousand cubic feet of water a second at Lockport was the contributing factor between a flood and a stage of water that would not go over the levee. These men all claimed that it was useless to sue the city of Chicago for any damage resulting from this flooding of the lands.

"Germany in her worst humor never demonstrated the slogan of might is right any better than the Chicago sanitary district does relative to the damage they do and which under the law, they are supposed to pay for," said S. T. McGrath, an attorney representing farmers occupying 225,000 acres of land between Peoria and Beardstown. "It is useless to sue for damage," he added, "for Chicago makes it cost more than the damage amounts to."

The testimony showed that everyone who spoke was in favor of the deep waterway but that the farmers wanted a condition remedied that they stated was ruining a large number of them with lands next to the levees. The committee assured them that the waterway, if it was passed by congress would provide for levees and the channel would be deep enough at all points to take care of a flood stage of water.

# HALLOWEEN SEASON OPENS IN WHITE HALL

Telephone Exchange Employees Enjoy Social Affair at Bowen Home — Other White Hall Items.

White Hall, Oct. 18.—The Halloween season has already been introduced by a social function this week at the home of Mr. and Mrs. Virgil Bowen, at which there were 21 present, including the force of operators of the local telephone exchanges. There may be a general public observance of Halloween if the suggestion to the Chamber of Commerce by the Good Fellows materializes. The latter organization feels that it has a sufficient job in properly observing Christmas and May Day, and the Halloween suggestion has been made by President C. A. Ruckel.

Such an observance of Halloween is an occasion of great jollity, drawing immense crowds wherever held in this way, and has the added advantage of forestalling more serious results when individuals resort to the destruction of property. The Good Fellows have completed the organization for the coming year by naming a full list of committees, which have been announced by Secretary T. M. English as follows: Tree, George Spangenberg; Frank D. Vosseller; Mrs. James Haddock; publicity, Mrs. Mont Winters, R. B. Pearce, H. E. Bell; purchasing and distributing, S. G. Sykes, A. M. Nevius, Charles C. Noeker, Miss Edith Chapin, Miss Jessie Griswold, Miss Mary Evans; program, Miss Ruth Evans, Virgil Thurman, Mrs. Adelaide Furl, E. C. Pearce, R. F. Ballard, C. G. general welfare. Sup't D. G. Wells, Miss Ruth Evans, Mrs. Guy Lewenstein, Rev. M. P. Pierson.

A reciprocity meeting of the P. E. O. Sisterhood was held in the Presbyterian church today, bringing together the chapters of Carlinville and Gillespie, the former being represented by a delegation of ten, but the rain interfered with the full attendance of the latter. Luncheon was served at 12:30 in the grill rooms of the church. The welcome was by Mrs. Guy Lowenstein, president of B. J. Chapter which was followed by a piano number by Miss Mildred Morrow. Mrs. G. A. Greene, B. J. Chapter, responded to "The Hard Road," and Mrs. Eva Hoehn, A. B. Chapter Carlinville, to "The Bridge Builders." A round table discussion preceded the rendition of the short play, "The Set of Terquise," by Mrs. Howard Burns of Carlinville. This is the production of Thomas Bailey Aldrich. Miss Kate Ellis gave a vocal number.

## Social Events

**Delta Society of Illinois College**  
held a regular meeting Thursday afternoon, at the society room in Beecher Hall. The meeting was placed forward one day because the members wished to attend the play, "Androcles and the Lion," given at the High school on their regular meeting day.

There was a short business meeting after which the following program was presented: A paper on Brete Hart, by Ruth White and a reading, "The Luck of Roaring Camp," by Brete Hart, classed as one of the most perfect modern short stories, given by Lillian Swift.

**Mrs. Hunt to Give Tea**  
Mrs. Ruth Harker Hunt has sent out invitations to an informal tea to be given Thursday afternoon at Illinois Woman's college from the hours 4 until 6 o'clock.

The tea is to be in honor of Mrs. Hunt's guest, Mrs. Irene Crum, of Springfield.

**Lambda Alpha Nu Society to Give Banquet**  
The Lambda Alpha Nu society of Illinois Woman's college are giving a banquet this evening at the Colonial Inn for their pledges. The company will be entertained

during the banquet with delightful music.

The guests of the evening will be Dr. and Mrs. W. N. Stearnes, Madame Colard, Misses Nelle Boyd, Olive Austin and Eleanor Thompson.

**Woehese Camp Fire Entertained**  
The members of the Woehese Camp Fire held a regular meeting at the home of Miss Adelle Martin on Michigan avenue, Thursday evening.

At the business meeting it was decided to have a winter roast next Thursday night at the home of Miss Wilma Henley, and a Halloween party the next Thursday night at the home of Miss Helen Buttone.

Miss Mildred Laney was taken in as a new member of the camp fire.

**Dance in College Gym Tonight**  
The students of Illinois college are having a dance in the college gymnasium tonight, under the auspices of the social committee.

The dance is to be a program affair and excellent music will be furnished by Brown's orchestra.

**Entertained South Side Circle**  
The members of the South Side Circle met yesterday afternoon at the home of Mrs. H. L. Griswold on Mound avenue.

The program was in charge of Mrs. C. W. Lent, who gave a most interesting talk on "The Picturesque Hudson." Mrs. Andrew K. Hale, of Illinois college, gave a review of her two years in Scotland, which was of great interest. After the program there was a social hour, at which time the hostess served refreshments.

The next meeting of the club, will be with Mrs. Crawford, 866 West College avenue on October 26th.

**Executive Board of Clubs to Meet**  
The members of the executive board of the 20th District Woman's Club Federation will hold a business meeting at the Tea Tray today at 11 o'clock. There will be a luncheon at 12:15, after which Col. O. C. Smith, of the Illinois School for the Deaf, will give an address.

**Gave Party for Guests**  
Mrs. George F. Brown entertained the members of the Bridge club yesterday afternoon, at her home on Jordan street. Mrs. Thomas Tate and Mrs. Leslie Harvey of Springfield, who are guests of Mrs. Brown, were out-of-town guests at the affair.

Mrs. Brown will entertain the Pinochle club tonight, at which time there will be five tables.

**Entertained Friends at Dinner**  
Mrs. James Smith gave a dinner Thursday evening at her home on North Main street, in honor of her mother, Mrs. Mary E. Nunes. Mrs. Nunes expects to leave soon for California, where she will make her home.

The other guests of the evening were: Mrs. Jennie Gibbons, of Afton, Mo.; Mrs. Anna Gibbons, of Kansas City, Mo.; and Mrs. Tillie Scott of Jacksonville.

**Gave Luncheon**  
Mrs. William Swales entertained at a 1 o'clock luncheon in honor of her mother, Mrs. F. G. Brum, who is visiting from McAlester, Okla. The affair was for a small company of Mrs. Swales' most intimate friends.

**Gave Halloween Party**  
Miss Isabel Rabjohns entertained at a Halloween party last evening. The guests came in mask costumes and were invited to the garage which had been transformed into a charming and attractive nook. Palms, ferns, flowers, lanterns, pumpkins, black cats, and the soft glow of candles gave the Halloween effect.

**ILLINOIS COLLEGE NOTES**

**Gamma Nu**

## Sister Mary's Kitchen

BY SISTER MARY

## WHAT TO SERVE AT TEA TIME

Perhaps you are to "have" the sewing club next week some afternoon. Of course your first thought is "what shall I serve?" These recipes may be a bit different or else so old they seem new to you. Just because a dish is old is no reason to condemn it.

If you would drink cocoa in place of tea try dropping a marshmallow cut in halves in each cup. You'll like it and it saves fussing with whipped cream at the last minute.

Maraschino cherries are quite as good in hot tea as cold lemonade.

How would you like a frozen salad, sandwiches, sautéed nuts, tea and bon-bons instead of ice cream and cake?

Or these little marmalade rolls, tea or cocoa, baked ice cream and sautéed nuts may appeal to you.

**Frozen Salad**  
One pint canned tomatoes, 1 cup water, 1 cup Roquefort cheese, 2 cups whipping cream, 1 small onion, 2 stalks celery, 4 tablespoons tomato catsup, 1 tablespoon sugar, 1-8 teaspoon salt, pepper.

Put tomatoes, onion, celery and water in a smooth sauce pan. Simmer 20 minutes. Rub thru a fine sieve. Add catsup, sugar, salt, pepper and soda. Soften gelatin in 4 tablespoons cold water. Dissolve in boiling tomato puree. Let stand until gelatin begins to set.

Mash cheese and work in enough cream to make smooth. Whip remaining cream and combine with cheese. Fold into tomato mixture. Pour into a mold and freeze in four parts ice to one part salt for two or three hours. Serve on crisp leaves of head lettuce with or without French dressing.

The merit of this salad is that it's ready to serve without any mixing when wanted.

Brown bread sandwiches, toasted or plain, are delicious with this salad.

**Marmalade Rolls**  
Three cups flour, 3 tablespoons butter, 6 tablespoons baking powder, 1 teaspoon salt, water, orange or grapefruit marmalade, 1-2 cup chopped English walnuts.

Mix and sift flour, salt and baking powder. Work in butter with tips of fingers. Cut in water with knife, using enough water to make as soft a dough as can be handled. Roll on a well floured

board. Make the sheet oblong as to shape and not more than one-half inch thick. Spread with softened butter, marmalade and sprinkle with nuts. Roll up like a jelly roll and cut in inch slices. Bake 15 minutes in a hot oven.

These can be made and cut, placed in the pans and kept in a rather cool place until ready to bake and serve. They should be served warm and fresh from the oven.

**Baked Ice Cream**  
Make a rich pie crust and bake in small deep individual pans. Prick the dough many times on the bottom and around the flare to prevent bulging while baking. Chill the shells thoroughly after baking. Fill shell three-quarters full of firmly frozen ice cream. Cover with meringue. The meringue must completely cover the cream. It should be about one-fourth inch thick and fit closely along the pie crust. Put under the flame in a gas stove to brown or in a very hot oven. Serve at once.

To make the meringue allow two tablespoons of sugar to each egg white. Beat white until stiff and dry on a platter with a wire whisk. Beat in sugar. Three egg whites should be enough for 16 tiny "pies."

The ice cream is also baked in one large deep pie shell and cut like ordinary pie.

**The Crust**  
Two cups flour, 1 teaspoon salt, 1-4 cup butter, 1-4 cup lard, cold water.

Wash butter in cold water to remove salt and buttermilk and to make it easy to handle. Mix and sift salt and flour. Work in lard with tips of fingers. Add very cold or ice water to make a stiff dough. Put on a floured molding board and roll into an oblong sheet about one-quarter inch thick. Put the butter which has been made into a flat oblong pat in the center of the lower half of the pastry. Fold upper half over butter. Fold lower half over enclosed butter and upper half under. Pat and roll out to one-fourth inch thickness.

Fold in thirds and roll out again. Keep lifting and dredging board with flour to prevent sticking. Fold in thirds and roll out the second time. Use as desired. (Copyright, 1923, NEA Service, Inc.)

## NOTRE DAME GOES EAST TO BATTLE PRINCETON TIGERS

Rockne's Brilliant Team Has Good Chance to Win

NEW YORK, Oct. 19.—(By The Associated Press)—Football comes into its own tomorrow. Athletic fandom its attention no longer claimed by world's series now turns to the colleges its thrills and finds awaiting it a more promising list of gridiron engagements.

The big intersectional game and probably the most largely attended of the day will be that at the Palmer Memorial Stadium, Princeton, N. J., where the Princeton Tiger, which went unscathed last season meets Knute Rockne's brilliant Notre Dame eleven recent victor over West Point. Notre Dame is reported the favorite by reason of its triumph last Saturday and also because of the fact that Coach Roper of the Tigers has been forced to make several shifts in his lineup owing to injuries, ill, or inefficiency.

Important also to the football public are the contests involving Cornell and Colgate at Ithaca, N. Y., Penn State and Navy at State College, Pa., Pennsylvania and Columbia at Philadelphia; Syracuse and Pittsburgh at the Yankee Stadium and two intersectional clashes, one between Army and Alabama Polytechnic at West Point, the other between Georgia Technical and Georgetown, at Atlanta, Ga. At the same time, the impressive showing made in recent years by Holy Cross against Harvard make their game one of promise and Vermont's 1922 defeat of Dartmouth lends to their Burlington clash an added note of interest.

Games other than those mentioned which should develop interesting play and possibly an upset or two are the Yale-Bucknell game at New Haven; Washington and Jefferson-Carnegie Tech game at Washington, Pa.; Lehigh-Fordham game at Bethlehem, Pa.; Lafayette-Springfield game, at Easton, Pa.; Brown-Boston University game at Providence and Rutgers-New York University game at Brunswick.

See KNOLES for Suits and Overcoats.

### ROUT IDLE TODAY

Route High school football team have no game for today but as far as the weather would permit during the past week they have been drilling away perfecting team play and trying out new formations. Gebert has been sorely missed from the lineup but the open date this week has enabled the team to become better organized so that when their next contest comes off it is believed that they will be able to tuck away the game with very little trouble.

## Illinois and Iowa Set For Great Fight Today

(By the Associated Press) IOWA CITY, Iowa, Oct. 19.—On the eve of what promises to be one of the greatest football battles ever played on Iowa field, the Illinois eleven tonight was conceded an edge on Iowa in every point save two. These are: the fact that Iowa will outweigh the Illinois 7 pounds to the man and the second is that Iowa will be playing with the largest homecoming crowd in its history urging it on to victory.

The Illinois team arrived here this morning 29 strong, and after resting at a hotel during the morning went thru a light workout on Iowa field this afternoon. Another practice period is scheduled for tomorrow morning at ten o'clock.

The Iowa team finished up training this afternoon by a light signal drill and a short talk by Coach Howard Jones. With clear weather forecast for tomorrow and ideal football temperature prevailing today the indications point to an exceptionally good day for the homecoming and the game.

The field is in good shape, although slightly soft, but not slippery. Advance ticket sales indicate that the stadium will not be filled but that 25,000 of the 30,000 seats will be occupied.

Following an announcement of the tentative lineups by the opposing coaches, a checkup of the weights of the opposing teams showed that the entire Iowa

team will average seven pounds to the man heavier. The Iowa line averages 195 pounds, Illinois line 190; Iowa backfield 180, Illinois backfield 170. Iowa team 190, Illinois team 183.

Registration of returning alumni was started this afternoon and the homecomers are already pouring into the city by all trains and roads. Class reunions, banquets, meetings and gatherings of all kinds are being held tonight and tomorrow morning.

Many distinguished members of the alumni will be honored at a reception given by the University club, a faculty organization.

The probable lineups as announced by the two teams for tomorrow afternoon are:

IOWA	Position	ILLINOIS
Hancock	Right end	Richards
Kriz	Right tackle	R. L. Hall
McIntyre	Right guard	Miller
Griffin	Center	Green
Olson	Left guard	McMillen (C)
Fleckenstein	Left tackle	Brown
Otte	Left end	Rokusek
Parkin or Fry	Quarterback	H. Hall
Dauber	Right halfback	Grange
Fisher	Left halfback	Mellwain
Miller (C)	Fullback	Britton

## JACKSONVILLE HIGH HAS CHANCE TO WIN

Crippled by Loss of Hunt and Massey but Visiting Team Has Green Line

Coach Mitchell is still optimistic of making a real showing against Peoria Central High on Illinois field this afternoon in spite of the fact that Captain Hunt and Left End Massey are both out of the lineup. Hunt is still confined to his bed, and Massey has not yet finished the entertainment of the Boll family who have been with him for some time. In last Saturday's game at White Hall Barr showed his worth at left end and Coach Mitchell will again use him in that position. Arnold will be shifted to quarter and will give a splendid account of himself at that position although the team is bound to miss to a certain extent the bolstering influence of Hunt's presence in the game. In the face of the fact that Central has a full green line no reason can be seen why Jacksonville should not have an even chance for the long end of the final score. In spite of the weather the boys have spent several evenings in scrimmaging and are all set for the game this afternoon at one o'clock, in order to finish in time for the Illinois-Normal game.

The following will probably be

the lineup for the start off: Barr, le; Hopper, rt; Curtis, lg; Smith, center; Ransdell, rg; Dewese, rt; Sanders, re; Arnold, qb; Harrison, lb; Corbridge, rlb; Johnson, fb.

## NEW ILLINI TO PLAY AT IOWA

URBANA, Ill., Oct. 19.—Two new players may appear in the Illinois lineup against Iowa. They are Joe Winkler, end and Fred Fisher, tackle.

Winkler may replace Richards at end. Richards has been going none too well to suit Zuppke although he has turned in some good games in the past. Fisher is a last minute substitute for big Dick Hall if the tackle is unable to play. Hall has been ailing all week.

The Illinois lineup against the Hawks will probably include just five veterans: McMillen, Green, Rokusek, Miller and Mellwain. Iowa has five veterans also so this talk of a veteran team against a green one is largely bunk.

The Illinois look for a tough battle with even chances. Zuppke is not well fixed with backs. That is easy to be seen. Let anything happen to Grange, and blooey goes the scoring power.

The return of A. P. Schultz, sophomore brother of Emil, is a little boon. The Genssen, had been scholastically ineligible. He was a member of the freshman varsity last season and will try for end. Zuppke needs ends and he will give Schultz a good workout next week.

Clarence Muhl is another sophomore who is being considered as an end and it was believed that he might get a chance during the battle, at Iowa City. Muhl and Gil Roberts, sub center, are both wild to play as they and Oklahoma, Iowa, residents and the home town is going to be there to see them.

There are still seats for the Chicago-Illinois game, but they will not last long at the present clip.

## TIGERS TO BATTLE GREENFIELD TODAY

The I. S. D. Tigers have been unable to do much work this week in preparation for their game with Greenfield this afternoon but received a stiff workout Friday afternoon and showed up well. Manager Downs advises that the team will leave this morning in the Olson bus and will make the round trip by auto. Coach Burns will probably start his squad in the following positions: Taylor, l.e. Jones, l.t. Tillman, l.g., Sellers, c.e. Balm, r.e. Woltz, r.t. Dillard, r.e. Miller, q.b., Rose, l.b. Clark or Schrader, r.h.b., Crabbe, f.b.; subs, Knapp, Quinn, E. Carlson.

## ABE GOLDSTEIN WINS FROM JOE BARMAN

New York, Oct. 19.—Abe Goldstein of New York won the judges' decision over Joe Burman of Chicago in their twelve round match at Madison Square Garden tonight. Goldstein substituted for Joe Lynch, bantamweight champion although Burman was recognized as the titleholder in New York state. Lynch dislocated his shoulder yesterday his manager announced. Burman weighed 113 pounds and Goldstein 117.

Wilson Gets Decision Boston, Oct. 19.—Johnny Wilson, former middleweight champion, gained the decision over George Robinson, Cambridge negro boxer in a 10-round bout here tonight. Wilson weighed 163 pounds and Robinson 170.

## WHO'LL BE NOTRE DAME'S NEW STAR?

Remember Gipp, Mohardt and Castner? Well, Now

Now Comes Jim Crowley

FOUR NOTRE DAME STARS

BROWN

(UPPER) MAYL  
(LOWER) MILLER

CROWLEY

### By NEA Service

South Bend, Ind.—Gipp—Mohardt—Castner—?

During the last three years of football campaigning Notre Dame has always presented one of the big stars of the game as the pivot point of its team. Gipp, Mohardt and Castner were grouped in advance. Opponents learned to prepare for the Notre Dame star.

This year the Irish squad faces its greatest season. Army, Princeton, Georgia Tech, Purdue, Nebraska, Butler and Carnegie Tech will be faced on consecutive Saturdays.

Needing a Gipp, Mohardt or Castner as he never did before, Coach Rockne is without a man who looms superior to the rest of the backfield.

Jimmy Crowley, Dutch Bergman, Max Houser and Elmer Layden are at the left half, which Gipp and Mohardt made famous. Layden stepped into Castner's triple-threat position. Crowley, Bergman and Houser are workmen are the candidates for the

place at Fullback when the latter was hurt last season.

Crowley is the man of the quartet most fragrant with possibilities. In the early season games of last year's campaign he gave promise of being one of the big flashes of the season. His work retarded as teams began to lay for him, but against Nebraska and Carnegie Tech he performed with his old-time brilliancy. He kicks and passes well.

Layden is a smooth man with a run, kick or pass. Bergman is a good runner, good passer, but a poor kicker. Houser is a new man who has not yet been tried under fire.

Nor are all the star prospects located in the backfield. In Captain Brown Notre Dame has one of the finest guards in the

land. Mayl, end, is a star of great value both on the defense and offense. Rip Miller, of the famous Miller family of boot-balls, has few superiors in the west as a tackle.

Notre Dame's first big game comes with the strong Army eleven at Ebbets' Field, Brooklyn, Oct. 13. It will not only be the most important game of the day but one of the most important of the year.

The Cadets will put a strong team on the field. Equipped with a veteran line and one of the most formidable backfields in the history of the institution the West Pointers will be hard to down.

The addition of Tiny Twit, former Pittsburgh battering ram, assures the Army one of the finest ball carriers since the colorful days of Elmer Oliphant.

Notre Dame hasn't been tripped up by the Army for a number of years, though the boys were held to a scoreless tie a year ago.

## "BO" CULLY'S TEAM HAS GREAT RECORD

"Bo" Cully, former Illinois college star has been going great with his Flora High school football team the past two seasons and has hung up a record that any coach should be proud of.

The following was taken from a recent issue of the St. Louis Globe Democrat:

"When Flora defeated Olney, 44-0, at Olney Saturday it marked the twelfth consecutive game in which Flora has held the opposition scoreless. The team this time has rolled up a total of 369 points. The record follows:

1921—  
Olney, 0; Flora, 7.  
1922—  
Olney, 0; Flora, 20.  
Bridgeport, 0; Flora, 78.  
Mount Carmel, 0; Flora, 25.  
Newton, 0; Flora, 32.  
Carmi, 0; Flora, 7.  
Harrisburg, 0; Flora, 48.  
Fairfield, 0; Flora, 43.  
Olney, 0; Flora, 14.  
1923—  
Lawrenceville, 0; Flora, 48.  
Carmi, 0; Flora, 10.  
Olney, 0; Flora, 44.

## ZEV IN SHAPE FOR RACE WITH PAPYRUS

NEW YORK, Oct. 19.—(By The A. P.)—Zev Lute today was pronounced fit and will race Papyrus tomorrow in the \$100,000 international classic at Belmont Park. This announcement was made by Major August Belmont, chairman of the Jockey Club's race committee after a careful inspection had been made of the Rancocas colt, which developed a sudden skin malady over night, but which it was believed would not interfere with the animal's running.

The announcement followed the arrival of Rear Admiral Grayson's My Own from Laurel, Md., after the colt had been brought here to serve as a substitute for Zev if needed.

## STAGE IS ALL SET FOR GAME ON HILL

Coach Harmon's Warriors Will Battle Normal After Peoria Central-Jacksonville High Game

The stage is all set for a big afternoon of football this afternoon. At 3:15 Illinois college clashes with the State Normal team. Preceding this struggle the Jacksonville High boys will match their strength with the strong Peoria Central High team, starting at 1 p. m.

The college game promises to be a battle from start to finish. Last year the two teams played 0 to 0 in a contest in which Normal had the better of the argument. They threatened to score several times but Illinois staved off defeat.

Normal, this year, is being coached by a new man, Clifford Horton, who comes from the East. What style of football his men will spring is not known. The Bloomington Pantagraph of Friday says: Coach Clifford Horton drilled his men in the rain on Thursday, the men running thru a snappy signal drill on the campus. While it has been a bad week from the standpoint of practice, the boys had a lot of pep last evening and "looked good."

Illinois' evening was a lake Thursday evening, but dried rapidly and yesterday afternoon there was no mud and only a few slippery spots. This afternoon it will be dry and fast. Clear, sunny weather is predicted to make an ideal day for the "Rockies" and other football fans.

The Illinois men who will probably start the game are:

Johnson and Witaschek, ends; Riess and Gard, tackles; Weber and Fogleman, guards; Wackett, center; Jack Roberts, quarterback; Rogers and Bowman, halfbacks; and Hopper, fullback.

## BALTIMORE TO SEE FIFTH GAME TODAY

BALTIMORE, Md., Oct. 19.—(By The Associated Press)—With the series between Baltimore of the International League and Kansas City of the American association for the minor league championship standing three games to one in favor of the latter team the fifth game will be played in Baltimore tomorrow, weather permitting.

The first four games were played in Kansas City, the final one being played in a sea of mud, caused by the incessant rains. A steady downpour drenched Oriole Field here nearly all day but the weather man promises clearing weather tomorrow. Both teams are speeding towards Baltimore and are expected here tomorrow morning.

Manager Dunn expects to use Tommy Thomas, a righthander on the pitching peak in the first game but Rube Parnham another righthander may get the call, altho he has been driven to cover twice by the Kaws.

In the absence of official announcement it is expected that either Jimmy Zinn, or Ray Caldwell will pitch for the Blues. The game will begin at 2 P. M.

## "FIGHTING BOB" TO OFFICIATE TODAY

R. E. "Fighting Bob" Harmon, coach of Quincy college, arrived in the city last night and will officiate in the Peoria Central-Jacksonville High school football game today.

Harmon had intended to take his Quincy college team to Lincoln Friday for a game with that school but received word that the game had been called off.

After the game today Harmon will return to Quincy where he will umpire a baseball game Sunday morning and a football game Sunday afternoon. Quincy has a strong semi-pro football team this season and will open the season Sunday.

## YOUNG CADDIES PLEASE GEORGE: DON'T BOSS HIM

New York.—Lloyd George, noted British statesman, visiting America, expresses surprise at the youthfulness of the home grown golf caddies.

Over here caddying is a youth's job. Mostly it is done by boys still in the grade schools. In England and Scotland the work is done by elders. Generally the caddy is older than the player.

George, playing a game on an American course, drew one of the youngest caddies at the club, a bright-faced, twinkling-eyed lad of 12.

"Well, I'll enjoy this round," remarked the distinguished visitor. "I won't have to be so very careful about offending the superior golfing sense of my caddy which is the predicament I usually find myself in when I play at home."

## THREE IMPORTANT GAMES TODAY IN WESTERN CONFERENCE

Results Will Have Bearing on Championship

CHICAGO, Oct. 19.—(By The Associated Press)—Three of the most important games bearing on the western conference football championship will be decided tomorrow.

Michigan and Ohio State, acknowledged as two of the strongest teams in the "big ten" will collide at Ann Arbor with the losers' championship hopes gone glimmering, while Illinois and Wisconsin will base their championship hopes on the showing against Iowa and Indiana respectively.

Chicago will meet Northwestern in its annual battle at Stagg Field while Minnesota will come to grips with North Dakota at Minneapolis and Purdue will play Wabash at Lafayette in the other games of the day.

Interest no doubt will center in the Michigan-Ohio fray at Ann Arbor and the battle between Illinois and Iowa at Iowa City.

In spite of the close call the Wolverines had against Vanderbilt a week ago, Coach Yost's machine is regarded as one of the strongest in the mid-west. Ohio has displayed a forward passing machine that can be counted upon to do its share of work against the Yost men.

Illinois is conceded to have the edge on Iowa as a result of the Illinois triumph over Nebraska, and the showing Iowa made against Purdue a week ago. The feeling at Illinois is that if Grange, the Illinois half back, is stopped by the Hawkeyes, the chances of the Illinois victory are slight. Grange scored all of the touchdowns against Nebraska.

Northwestern has been flaunting "Beat Chicago" as its battle cry and threatens to upset the Maroons with an aerial attack. Chicago, however, is conceded to have the better and more powerful team and is entertaining no thought of losing.

The Wisconsin-Indiana game at Bloomington is expected to reveal the strength of the Badgers who have been slow in starting this season. The Minnesota eleven after two practice games which they won by narrow margins is reported to be on edge and figures to take North Dakota into camp.

## Screen Pass From Punt Formation Is Old Play With Modern Setting

### BY ROBERT C. ZUPPKE

Football Coach, University of Illinois, Author of "Football Technique and Tactics"

The screened pass, not however, as it is built up now, was played as far back as 1895, and was the result of the ignorance of coaches as to how much blocking the line-men ought to do to protect the thrower. Many passes were intercepted and carried back for a touchdown. Today the screened pass is better protected and is used with more discretion. My Oak Park high school teams, 1910-1912, used the screened pass almost entirely and quite often from a double pass, one of which was lateral.

All offensive linemen, except an end, rush straight down the field with the snap of the ball without attempting to block the opponents. They must stay in formation

as nearly as possible to screen off the defensive secondary, but must not interfere with the defensive men except before the pass is made or after it is completed.

The receiving end delays momentarily, then runs into the open space between his screen and the charging defense for the pass.

The three backs protect the passer.

This is a difficult pass to make as it must be made over the charging defense, must lead the runner and must be snappy but not too fast to be handled well.

As the ball is caught, the receiver should inform his teammates by signal to block.

This same screen may be used with any formation, either close or open.

Play No. 8 will be the "platter play."

## Market Report

PRICES ARE MAINLY  
UPWARD ON STOCKS

**FINANCIAL.**  
Total stock sales 620,700  
shares.  
Twenty Industrials averaged  
87.51; net gain 1.75.  
High 1923: 105.38; low  
86.92.  
Twenty railroads averaged  
81.38; net gain .22.  
High 1923: 90.51; low  
79.53.

**NEW YORK, Oct. 19.**—Price  
readjustment in today's stock  
market were mainly upward but  
the fluctuations in leading stocks  
failed to furnish any conclusive  
evidence of a definite trend. Trad-  
ing, which continued to come al-  
most entirely from professional  
sources turned dull on the railroads.

When the market opened there  
was a fair accumulation of selling  
orders particularly in the rubber  
stocks which sagged to new low  
records for the year and in the  
Pan-American issues which were  
sold on persistent rumors of new  
financing. Bear selling of these  
issues however, failed to unseat the  
general list which headed up-  
ward before the end of the first  
hour.

Another bullish demonstration  
was staged in the merchandising  
issues, Woolworth being pushed  
up five points to 264 a new high  
for the year.

Kresge jumped 101 points to  
2341 and May Department Stores,  
National Cloak and Suit and Sears  
Roebuck closed at net gains of 2  
to 3 points.

Northwestern rails made par-  
tial recovery from recent heaviness  
on a more favorable interpreta-  
tion by president executives of  
President Coolidge's recent re-  
cognition for a reduction in  
freight rates on grains for ex-  
port.

Baldwin Steel and American  
Can after gains which ran a point  
or more in the trading, closed  
only fractionally higher while  
Studebaker, which has sold as  
high as 97 1/2; dropped back at the  
close to 92 1/2, off 2 1/2. Mack Truck,  
Famous Players, tobacco pro-  
ducers, U. S. International Alco-  
hol and Crucible Steel were the  
strong spots among the more ac-  
tive issues.

Little interest was displayed in  
today's trading in the United  
States government bonds all of  
which closed at the same levels  
as yesterday.

**DUN'S REPORT**  
WILL SAY TODAY

**NEW YORK, Oct. 19.**—Dun's  
tomorrow will say:  
"The sharp contrasts that have  
marked business in recent months  
still appear. Something of the  
gain which normally comes with  
autumn is visible, but it is not as  
general or extensive as some in-  
terests had expected and in some  
quarters there is halting. Con-  
ditions in the different industries  
vary considerably with substan-  
tial buying in some branches of  
manufacture and restricted de-  
mand in others and production is  
more uneven."

"Current output of goods has  
gone further in certain textile  
divisions and in pig iron, mainly  
because current purchasing is  
narrow, and material goes out  
from steel mills faster than new  
contracts come in. There is a  
disinclination in most lines to pro-  
duce beyond orders or to buy be-  
yond definite requirements about  
all reports showing that there has  
been no change from the disposi-  
tion to operate conservatively and  
not very far ahead. It is signifi-  
cant that price yielding has oc-  
curred in some markets where  
firmness recently prevailed and  
more frequent resale transactions  
at concessions have disclosed the  
fact that supplies in some instan-  
ces exceed immediate needs."  
Weekly bank clearings \$6,321-  
216,000.

## TOLD OF TUBERCULOSIS WORK IN STATE

Joseph Becker of Springfield Made Address To Rotary Club—Pointed to Need For Local Sanatorium.

Joseph V. Becker, secretary of the Illinois Tuberculosis society was the principal speaker at the luncheon of the Rotary club at the Pacific hotel Friday noon. Mr. Becker, who has for years been associated with tuberculosis work in the state, gave some very informing facts with reference to tuberculosis with

special relation to Oak Lawn sanatorium. Dr. Thomas Smith, who is especially interested in the local tuberculosis work, was also a speaker. Vice-president R. W. Woolston presided and introduced among other guests Dr. L. E. Staff and G. H. Norris of this city. Mr. Becker gave some figures to show the heavy losses occasioned the state thru tuberculosis and the number of cases that exist in every county. He showed that Illinois spends far more for combating tuberculosis in cattle than it does in fighting this disease among people. He used these figures to show the

greater necessity for counties doing work in this line. Mr. Becker said that Morgan county has been a pioneer in anti tuberculosis work and certainly should do nothing to recede from its proud position. He pointed out the fact that the Glacklin law was so amended at the last general assembly that it is now possible for several counties to co-operate in the operation of a sanatorium. Dr. Smith made reference to the work accomplished and indicated the belief that if results have not been what they should, that the fact was due to the poor management of tuberculosis affairs.

**Statements Made**  
In Morgan county last year 46 deaths from tuberculosis including State hospital. Outside of the hospital at least 20 or 25 deaths. On an average there are 10 cases for every death, therefore there are 200 or 250 cases in Morgan county.

The State Health department says the economic loss from preventable diseases in Morgan county for one year is \$840,000.

Of this tuberculosis costs \$555,000. The State appropriates \$1,000,000 for two years to fight bovine tuberculosis. The Federal government adds \$1,000,000.

What does the State appropriate to fight human tuberculosis? \$4,000.

Therefore Illinois leaves human tuberculosis to be fought by the counties.

Illinois is 3,000 beds short for the needs at the present hour. There are 30,000 cases of all kinds in Illinois south of Jacksonville and not one sanatorium there.

There are 14 county sanatoriums in the State and 13 in operation. There are four other adjacent counties, Pike, Scott, Menard and Fulton, that have carried the Glacklin law and could send cases to the Morgan sanatorium if the sanatorium here were fully efficient.

There are 16 cases in our sanatorium at present with a capacity for 40 or 50.

If we made our sanatorium fully efficient—which we can do—it would not be long before it would be filled and the income (at \$21 per case) would greatly cut down the expense now borne by the county treasury.

The total expense of the sanatorium for the last 12 months was about \$25,000. The total income was something over \$11,000 and the total deficit about \$13,000.

## HALLOWE'EN FETE ON SQUARE AGAIN

A Halloween festival similar to the one given last year, will be staged on the public square on the evening of Oct. 31. It will be on a much more elaborate scale than that of last year, and additional types of costumes will be included in the contests for prizes. Some cash prizes will be given for outstanding costumes, in addition to the prizes offered by merchants.

A judges stand will be erected by which the parade of costumes may pass in review. A better method of illuminating the line of march is to be adopted, which will probably take the form of a row of lights around the route. Preliminary plans for the event were made yesterday morning at a meeting of the Commercial division.

## RIDGLEY ENCAMPMENT CONFERRED DEGREE

At a meeting of Ridgely encampment No. 9 held last night the patriarchal degree was conferred upon two candidates, C. L. Rudisill and Horace C. Massey. James Rice, who was the representative of Ridgely at the grand encampment held recently in Springfield, gave a full report of the session. The degree staff is making fine progress under the leadership of W. J. Roberts, who announced that the Golden Rule degree will be conferred at the first meeting in November.

Several members of Virginia lodge have applied for membership in Ridgely encampment, and there is every indication that there will be a large list of candidates to take the three degrees at the special meeting which is being planned for the latter part of November.

## FLAG FLIES FROM STATE BANK BUILDING

Construction work on the new home of the Elliott State bank has moved along satisfactorily and the outside of the building is practically completed. A beautiful American flag was flying yesterday, indicating that the flag staff had just been made ready for use. There have been occasional delays in the receipt of materials for the building, but as indicated, satisfactory progress is being made.

A large force of men will now be busy with the interior work and it will not be a great many weeks until the handsome new building is ready for occupancy.

## VISITS RELATIVES HERE

Mr. and Mrs. Thomas Wilson of Murrayville have been spending the past week visiting their sons, "J. Wilson and family of this city, and John R. Wilson and family of the Markham neighborhood.

Monty Funk was a Chapin business caller in the city Friday.

## CONTRACT AWARDED FOR ROAD TO SOUTH

Work Soon to Begin on Hard Road South of Jacksonville is Announcement of State Highway Department.

Work is soon to begin on construction of the hard road south from Jacksonville, the contract for the road having been awarded to Edward J. Eitz of Quincy. Announcement of the awarding of the contract was made from the state highway department headquarters at Springfield.

The Quincy man who has the contract for the road is already in the city and is making preparations to start construction work at an early date. A steam shovel is to be used in the heavy grading work which will be necessary in the Big Sandy creek bottom and this equipment will arrive within the next two weeks.

The bids for the construction of this hard road stretch, known as route 3, section 81, were opened a number of weeks ago, but the contract was not awarded until a recent date. A plan is under consideration for the laying of a side track by the C. & A. south of the city for the hauling of materials for the job.

## STRAWN'S CROSSING CLUB ANNUAL BANQUET

The Strawn's Crossing Woman's club met recently at the country home of Mr. and Mrs. James Rawlings, east of the city. The event was the eighth annual banquet of the club and the husbands of the members were special guests. At 6:30 o'clock a splendid dinner was served by the domestic committee, including Mrs. J. W. Rawlings, chairman; Mrs. Robin Strawn, Mrs. Newberry, Mrs. Hunter, Mrs. Bozarth and Mrs. Albert Hopper. The address of welcome was delivered by the president, Mrs. Edward Deaton, and the secretary's report was presented by Mrs. A. C. Foster. The following program was then presented under the direction of the chairman of the program committee, Mrs. Frank Green:

Trio, piano, violin and 'cello—Mrs. Rawlings, son Windell and daughter Winona.

Violin solo—Windell Rawlings, with Mrs. Rawlings as accompanist.

Musical recitation, "The Broken Doll"—Winona Rawlings.

Instrumental solo, "The Messiah."

Group of songs—Mrs. Stella Mahon, with Mrs. Edgar Martin as accompanist.

Pantomime, "The Star Spangled Banner," with Winona Rawlings as the leading character.

After the program came a very delightful social hour, and later the guests departed for their homes with expressions of gratitude to Mr. and Mrs. Rawlings for their hospitality.

## TO ATTEND HOSPITAL ASSOCIATION MEETING

Among the local hospital executives planning to attend the 25th annual conference of the American Hospital association to be held in Milwaukee, October 29 to November 3 are President A. A. Curry and Miss Verner, superintendent and F. E. Farrell, treasurer of the Passavant Memorial hospital. It is expected that more than 5,000 hospital trustees, superintendents, medical staff members, nurse training school principals and others interested in the complex management of the modern hospital from all over the United States and Canada will be in attendance and will participate in the numerous departmental section meetings which are a feature of the conference.

One hundred and twenty-nine persons will present to the conference the fund of information gathered during the last year concerning scientific hospital management. This number does not include the many who will discuss the reports and papers to be presented. It is expected that more hospital trustees will be present at this conference than at any previous conference. This is because trustees of hospitals throughout the country are better realizing the responsibilities they are inevitably carrying both for the present patient and for the future development of institutional medical service to the public. The general public is also realizing more and more that the hospital is a health building institution, equipped with scientific appliances and manned by trained persons for the purpose of insuring correct diagnosis and quick recovery of patients. Because of the improvement in methods of treatment, the average stay in first class hospitals has been reduced to 12 days per patient, whereas the average was about 30 days a generation ago.

An exposition of modern and ideal hospital equipment covering an area of almost two acres (70,991 square feet) will be another feature of the conference.

## J. J. COVINGTON MOVING TO MURRAYVILLE SOON

J. J. Covington, who recently held a public sale at his farm five miles southeast of Murrayville, has bought the residence property belonging to the estate of the late Ella Crouse in that village. He expects to move his family to the new home in the near future. Charles E. Strawn has rented the Covington farm and will make it his home, running his present farm in conjunction with it.

## BIG AUDIENCE SEES SHAW'S PRODUCTION

High School Auditorium Filled at Performance of "Androcles and the Lion"

An audience that filled the high school auditorium to capacity greeted the performance of George Bernard Shaw's play, "Androcles and the Lion." The drama was well received and proved a big hit, especially the clever work of Will Coffey in the character of Androcles. The work of the Coffey-Miller Players, who staged the drama, is well recognized in this city.

Members of the local Kiwanis club, under whose auspices the play was given, served as ushers. Felix Farrell, chairman of the club program committee, opened the program with an explanation of the purpose of the performance. The funds thus raised are to be used in maintaining a Scout troop of underprivileged boys during the coming winter, and it is believed the sum realized from the sale of tickets will be amply sufficient for the work.

Yesterday afternoon more than six hundred from the city grade and high schools and other institutions, witnessed the matinee performance of the play. The committee of Kiwanians who promoted the play and arranged for the production here included: W. A. Berryman, chairman; Arthur Morgan, Robert Mullenix, C. A. Goodale, Frank Wanamaker, B. F. Shafer, Garm Norbury, John Larson, Vorce Bassett, C. E. Williams.

## LIVE SUBJECTS DISCUSSED AT FARM BUREAU CONFERENCE

Morgan county was well represented at the conference of representatives of farm bureaus of the 20th and 21st congressional districts in Springfield Thursday. Among those who attended were J. W. Arnold, C. R. Gibson, Samuel Darley, Dawson Darley, Thomas R. Cain and County Agent G. B. Kendall.

Louis C. Stone of the Burley Tobacco Growers association made a very interesting address in which he explained fully the organization methods followed by the association of which he is a member. The principal purpose of the organization is to see that the crop of tobacco is marketed in an orderly manner.

There was informal discussion of the general principles of marketing with special relation to livestock. An address on this subject was made by Walter Peet of the American Farm bureau, who pointed out the particular need for having trained men to direct marketing work.

## ANTI-HORSE THIEF ASSOCIATION ELECTS

At the closing session of the Anti-Horse Thief association of the state held in Taylorville, Charles A. Rowe of this county was again elected vice president. N. T. Fox of this county was chosen one of the delegates to the national convention.

Taylorville entertained the convention so well it was agreed to meet there again in 1924. The officers chosen are:

State president—Charles McDaniel, Macon.

State vice president—C. A. Rowe, Jacksonville.

State secretary—Sidney Holben, Edinburg.

State treasurer—John S. Felmley, Griggsville.

State marshal—W. I. Davidson, Assumption.

## HERE TO VISIT LONG TIME FRIENDS

Mr. and Mrs. Muhlert of Bowling Green, Mo., are visiting their cousins, J. G. and Catherine Patterson, east of the city. Mrs. Muhlert was formerly Miss Alma Davis of Cass county and Mr. Muhlert was also born and raised in Cass county.

They have been resident in Missouri for a number of years on a farm three miles southeast of Bowling Green, the old home city of Champ Clark. They have there a very comfortable home and as their friends say, live in peace and plenty.

## FACTS

According to records in the Secretary of State's office, Studebaker outsold all other makes of cars in the first six months of 1923 in Wayne County, Michigan (of which Detroit is the county seat) with the exception of Ford and Chevrolet.

Detroit knows motor cars and motor car values, because the majority of the population is engaged directly or indirectly in some phase of the motor car industry.

Detroit knows Studebaker because of the large production of Studebaker cars in that city, and Detroit is partial to Studebaker cars for just one reason—the merit of the product.
